## A4M Membership Benefits

Becoming a member of A4M gains you access to over a decade of established anti-aging expertise. Position yourself as being the first to learn of the latest breakthroughs in preventive and interventional techniques that help your patients achieve their personal best in wellness, maximum longevity and a fulfilling quality of life.

Join now, increase your practice income and take advantage of the following membership benefits:

- **Physician Referral Service:** A4M fields approximately 500 inquiries monthly from the public, interested in finding a qualified anti-aging medical specialist, groups and other services. A4M will direct patient inquiries in your area to your practice. Your placement at [www.worldhealth.net](http://www.worldhealth.net) will strategically position your product/service at buyer's fingertips around the world, day and night. Ask about our online marketing opportunities:
- **Anti-Aging Physicians and Health Practitioners Directory** - Over 700 listings of physicians, searchable by name and location
- **Anti-Aging Clinics and Spas Directory**
- **Anti-Aging Products and Services Directory**
- **American Board Certification Programs:** A4M membership makes you eligible to take the written and oral exam to become board-certified. ABAAM offers medical professionals recognition of specialty knowledge and clinical practice of anti-aging medical care. The following are the available certifications:
  - **The American Board of Anti-Aging Medicine (ABAAM) - For PHYSICIAN MEMBERS ONLY** - issues Board Certification to individuals with M.D. (Doctor of Medicine), D.O. (Doctor of Osteopathic Medicine), and M.B.B.S. (Bachelor of Medicine/Bachelor of Science) degrees.
  - **The American Board of Anti-Aging Health Practitioners (ABAHP) - For SCIENTIFIC HEALTHCARE MEMBERS ONLY** - issues Diplomate Certificate to Doctors of Chiropractic (DC), Doctors of Dentistry (DDS), Naturopathic Doctors (ND), Doctors of Podiatric Medicine (DPM), Registered Pharmacists (RPh), scientists (PhD and similar), Registered Nurses, Nurse Practitioners, and Physician Assistants.
- **Advertising Opportunities:** Receive special discounts on print advertising, online advertising and conference booths and reach out to your prospective customers. Maximize your advertising visibility worldwide, with a minimum exposure to 70,000 decision-making buyers of leading-edge healthcare products and services.
- **Complimentary subscription to our award-winning journal: Anti-Aging Medical News:** This trendsetting industry publication for the field of anti-aging healthcare serves as a forum of exchange between physicians and professionals delivering clinical healthcare, scientists, researchers, government and private institutions and commercial entities.
- **Discounts on all A4M-sponsored events:** The Accreditation Council for Continuing Medical Education (ACCME) recognizes the educational programs sponsored by A4M. Members receive discounts to these events including our XIII Annual Congress on Anti-Aging Medicine 2005. As members, you will receive special incentive DISCOUNTS (up to nearly 50% discounts on the actual on-site value of the registration). You will get the opportunity to meet thousands of doctors, guest speakers, exhibitors and key members of the industry and media.
- **Discounts on A4M Educational Materials:** Learn anti-aging from the organization that created the anti-aging specialty with our library of. State-of-the-Science educational books, videos, tapes, and CDROMs.
- **Complimentary Electronic Biotech Newsletters:** E-Biotech Newsletter (EBN) is a service of the American Academy of Anti-Aging Medicine, a non-profit society of physicians and scientists focused on clinical answers to ageing related disorders leading to a longer and healthier lifespan. Along with reports from our medical correspondents at 26 universities and medical research centers EBN scans over 100 scientific publications and news services each week to extract and digest the latest and most promising advances in medicine that relate to the early detection treatment prevention and reversal of aging related conditions including topics such as: cancer, heart attack, obesity, chronic fatigue, memory disorders, arthritis, prostate disease, sexual dysfunction, brain implant stimulations, stem cell research, cloning, genetic engineering, anti-aging medicine, human augmentation, medical robotics and more. If it's hot, new, and it will improve your life, your abilities, or your lifespan then you'll find it at EBN, the official newsletter of A4M's WorldHealth.net
